

Press Brake >

BLMA electrohydraulic CNC press brakes are the best option when choosing reliable sheet bending equipment. The design of the machine allows you to maintain high precision and bending efficiency even after 10 years. CNC machines are equipped with a crowning compensation table by default, to eliminate uneven pressure on the entire area.

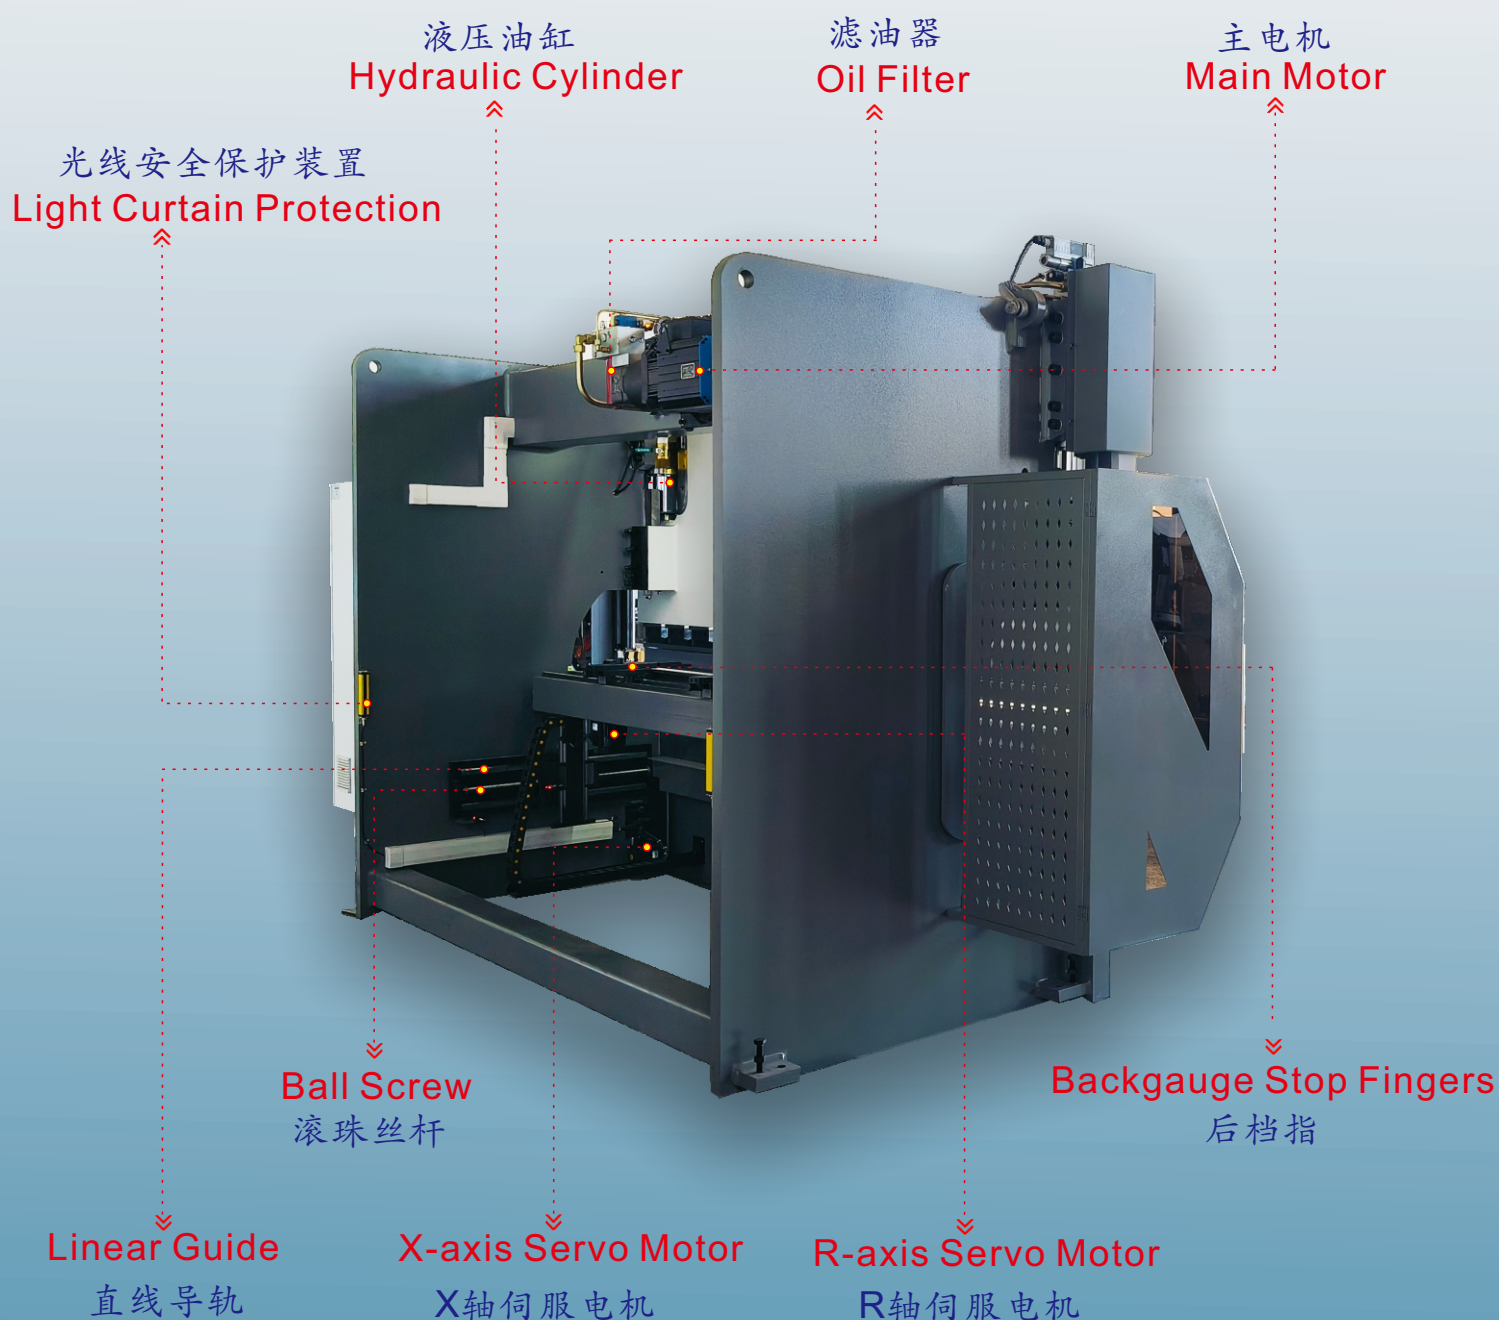

在选择可靠的板材折弯设备时，BLMA 电液数控折弯机是最佳选择。机器的设计使您即使在10年后仍能保持高精度和弯曲效率。机械结构采用高强度材料制成，确保在高压下保持稳定性和耐用性，能够承受复杂的折弯任务。控制系统集成了智能化技术，具备多种程序设定和实时监测功能，可以精确控制折弯的速度、角度和压力，以适应不同工件的加工需求。

Press Brake >

CNC press brake from BLMA is an environmentally friendly and very profitable solution for sheet metal processing. The main motor of the electrohydraulic sheet bending has greater energy efficiency and low noise level during operation. The rear stop beam is driven by a very durable and high-quality ball-screw mechanism on a servo drive.

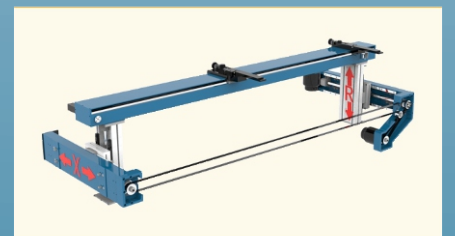

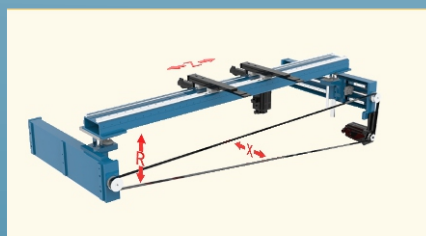

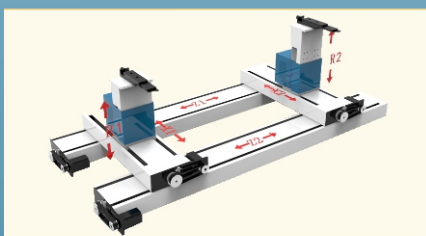

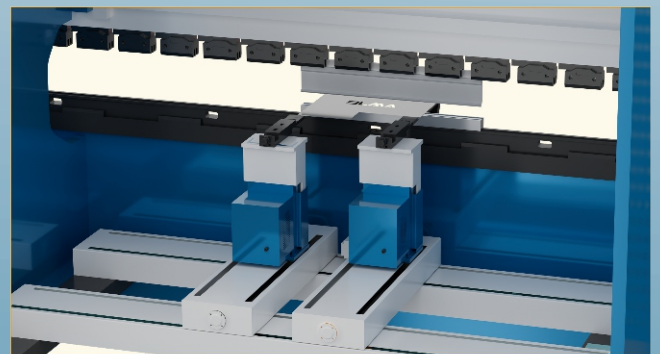

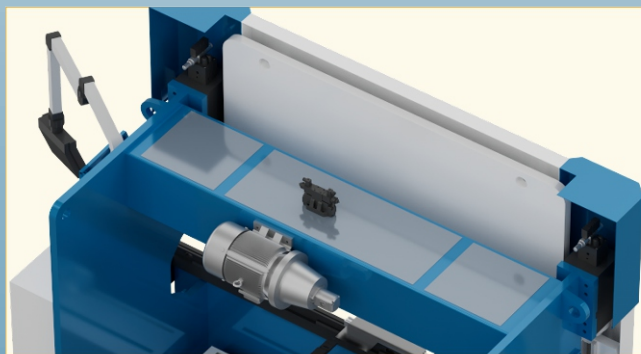

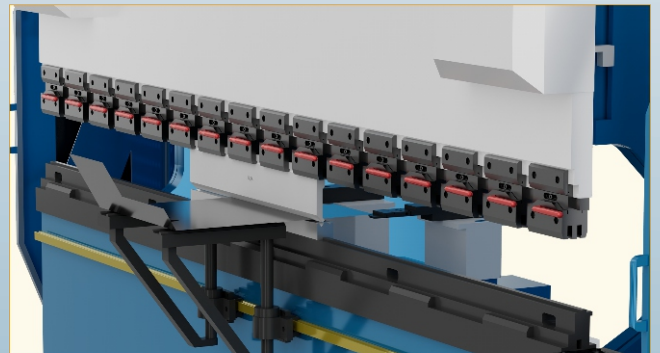

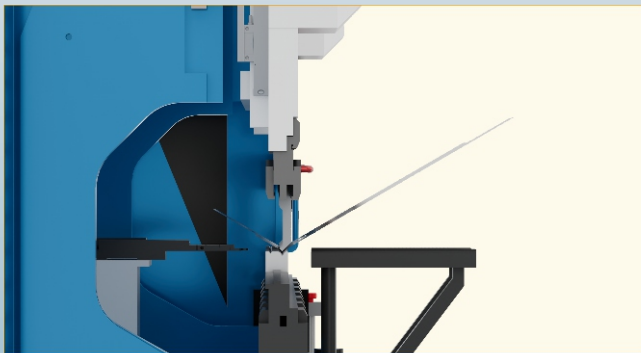

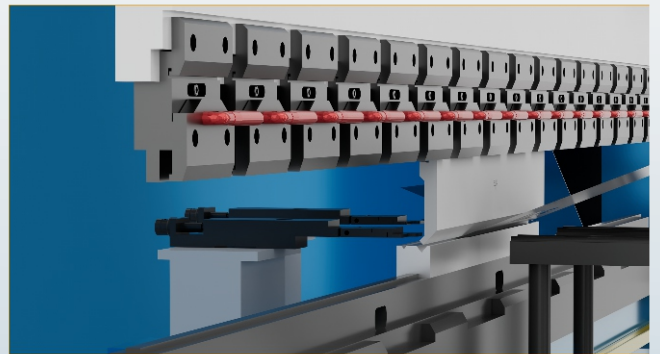

BLMA 折弯机的后面部分设计精良，设有集成式控制面板和直观操作按钮，为操作人员提供便捷的操作体验。控制面板上设有多功能选项，可精确调节折弯速度、角度和压力，以满足不同工件的加工需求。操作按钮设计简洁明了，能够启动、停止和调整机器运行，使操作更加高效。此外，后面部分还配置有全面的安全保护装置，确保操作人员在使用过程中的安全和稳定。整体设计结构紧凑，操作便捷，是现代工业生产中不可或缺的重要设备之一。

Press Brake >

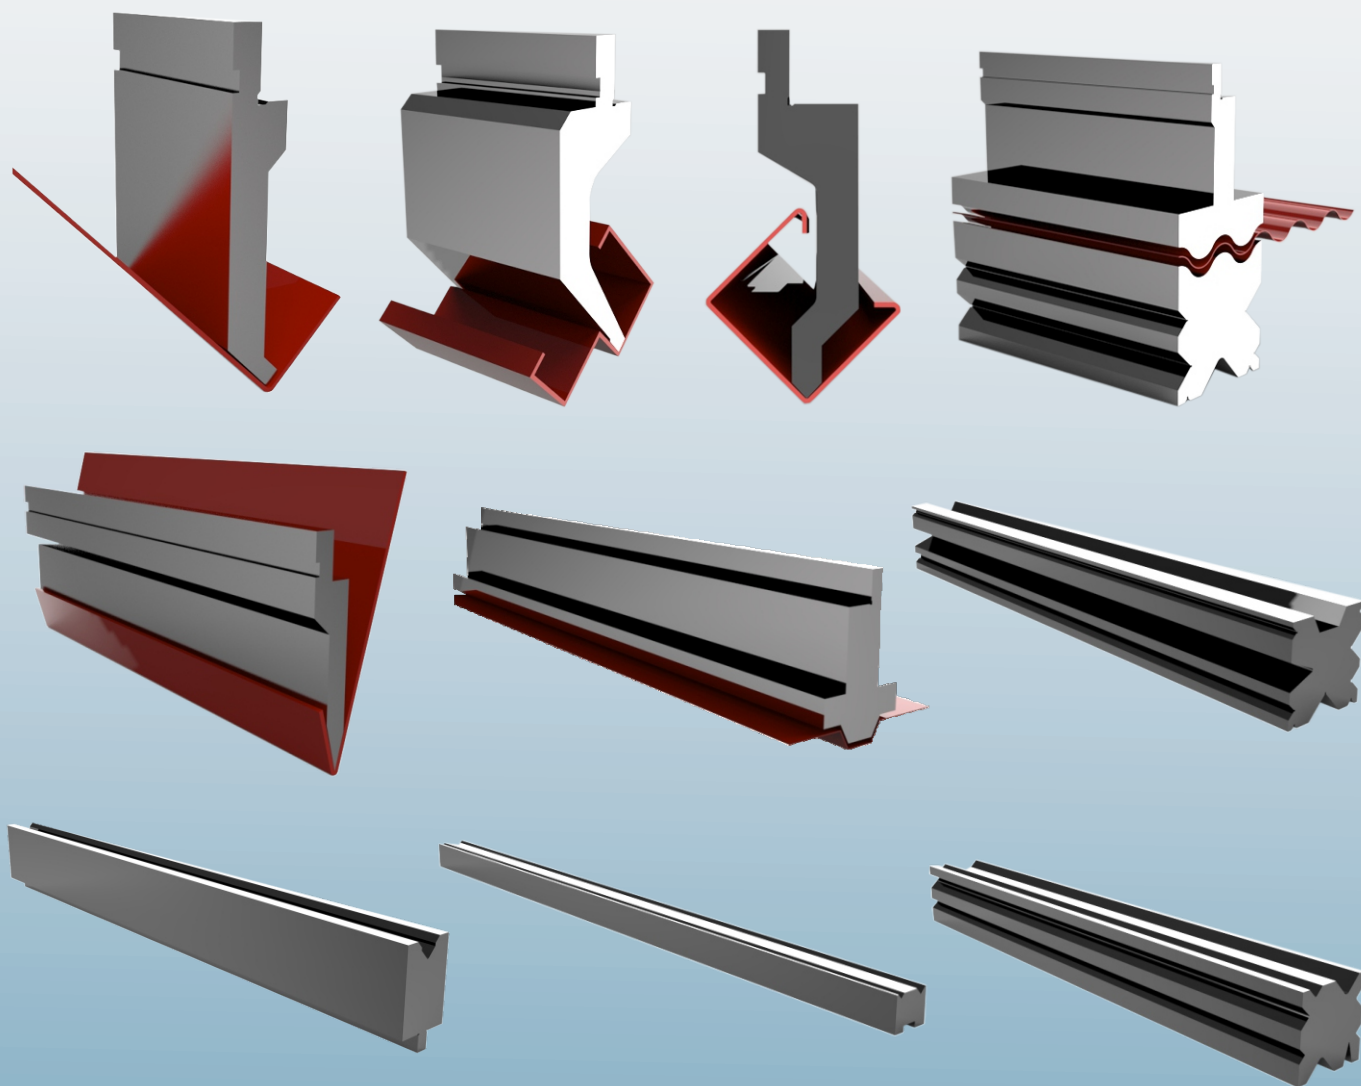

All the main components of our bending machines are sourced from leading brands, ensuring the quality and reliability of our equipment. Bending accuracy of BLMA bending machines is up to 0.02 millimeters.

我们的折弯机所有主要部件均来自领先品牌，确保了我们设备的质量和可靠性。
BLMA折弯机的折弯精度高达0.02毫米。

BLMA offers a wide range of dies and punches for press brakes. If you need to create complex products, we can also provide custom tooling that is tailored to your specific requirements.

BLMA 提供各种用于折弯机的模具。如果您需要创建复杂的产品，我们还可以提供根据您的具体要求量身定制的定制工具。

Founded in 1987, Nanjing BLMA Machinery Co., Ltd. has grown to become one of China's largest manufacturers of CNC machines. Since our establishment, BLMA has been dedicated to producing high-quality sheet metal and pipe processing equipment.

Our commitment to innovation and excellence has earned us a global reputation for delivering advanced technology and unparalleled machine performance. As one of the leading global machinery manufacturer for the metal processing industries, BLMA is proud to serve a wide range of markets worldwide.

南京BLMA机械有限公司成立于1987年，已发展成为中国最大的数控机床制造商之一。自公司成立以来，BLMA一直致力于生产高品质的钣金和管材加工设备。

我们对创新和卓越的承诺为我们提供先进的技术和无与伦比的机器性能赢得了全球声誉。作为全球领先的金属加工机械制造商，BLMA为服务于全球广泛的市场而感到自豪。

从中国至到全球品牌：我们的设备受到全球20多家领先公司和品牌的信赖。

Over 2,000 BLMA CNC Press Brake Machines across 80+ countries

推动行业前进的技术：100多种改变行业的专利解决方案。

More than 30 years producing press brake machines

我们提供长达36个月的保修和终身优质服务

Our equipment is trusted by over 20 leading companies worldwide

世界市场选择了我们：超过2000台BLMA数控折弯机改变了80多个国家的行业。

100+ Patented solutions that transform the industry

我们有超过30多年生产折弯机的经验。

Up to 36 months of warranty, and lifetime high-quality service
